

Club Meetings

Club meetings are held on the first Thursday of the month at 10:30 AM in Clubhouse 1, Dining Room 3. Meetings do not occur in July and August. Meetings are open to Village Residents and their guests.

W6LY CLUB NET

We conduct a weekly 2 meter net every Thursday evening at 7:30 PM on our repeater 147.615 MHz - Negative Offset - PL 136.5 Hz. Any licensed Amateur is invited to join us.

grid: DM13do**

RACES NET

The Laguna Woods *Radio Amateur Civil Emergency Service* Net is held every Thursday evening immediately after The Laguna Woods Radio Club's 2 meter net. Message traffic training often included. RACES members, prospective members and visitors are invited to check in.

SOCIAL NET

The Laguna Woods Village Social Net is held every Tuesday Evening at 7:30 PM on our 2 meter repeater. The purpose of this net is to provide friendship and camaraderie.

D STAR NET

Every Wednesday evening at 8:00 PM, The South Orange Amateur Radio Club (SOARA) conducts a D Star Net on its repeater 146.115 MHz, 600 Hz offset, Module C. A number of Village hams are on the net; you need D-Star equipment to access the net.

Purpose

The Laguna Woods Amateur Radio Club is a non-profit organization of FCC licensed Amateur Radio Operators dedicated to serving the public and other Radio Amateurs by assisting in emergencies, disasters, handling radio traffic and facilitating world-wide contacts with other Radio Amateurs.

Membership

Any resident of Laguna Woods Village with a current FCC issued Amateur Radio license and a willingness to contribute his or her efforts shall be eligible for membership. Associate membership is for non-licensed residents who are studying to get their amateur radio FCC license within 12 months after joining the club.
