

Topic Masters

We invite you to our weekly meetings where you can develop your speaking skills by sharing experiences and discussing ideas, in a relaxed, friendly atmosphere.

We have a 45 minute surprise question and answer session, followed by a social break to enjoy tea, coffee and snacks. Then two 10 minute prepared speeches are given, followed by evaluations and planning.

Our relaxed no-pressure, voluntary speaking format, and frequent meetings, provide a great opportunity to grow communication skills and form friendships.
