

## Laguna Woods Village | Conditional Re-Opening of Tennis Center

Effective: September 14, 2020 | Updated: September 10, 2020 | Expiration Date: TBD

### **BACKGROUND**

On March 4, 2020, the Governor of the State of California declared a state of emergency as a result of the threat of COVID-19. Subsequently, on March 19, 2020, the governor issued Executive Order N-33-20, which ordered all state residents to stay in place and identified certain essential functions that could remain operational. Additionally, the order stated that individuals must adhere to strict social distancing guidance.

On April 22, 2020, the United States Tennis Association (USTA) issued facility and programming and player recommendations. USTA recommendations are based on guidelines issued by the federal government on April 16, 2020, for “Opening Up America Again.” By following these guidelines, as well as those of local governments and health agencies, facilities and players will be able to make informed decisions as to when play can recommence.

On May 28, 2020, the USTA issued updated facility and programming and player recommendations. These updated recommendations are reinforced by recently issued directives from California’s Pandemic Roadmap and the Orange County Health Care Agency (OCHCA) and facilitate the update to this conditional reopening procedure.

Because tennis does not require direct person-to-person contact, players can enjoy the many physical and mental benefits that tennis offers so long as they practice physical distancing by keeping 6 feet apart from other players to ensure a safe exercise environment and follow other safety recommendations included in this procedure.

### **PURPOSE**

Safeguarding our community is of utmost importance. It is imperative that our community self-enforce and strictly adhere to the restrictions mandated by the federal, state and local governments. This procedure is intended to reduce risk of exposure to the COVID-19 virus, but is not a guarantee of your safety. Residents should use their own good judgment in determining the amount of risk of exposure in using any shared facilities or amenities. Risk of exposure involves many factors out of the control of the Village corporations and management, including the compliance (or noncompliance) and safe/unsafe behavior of others using the same facilities or amenities.

### **SCOPE**

This procedure establishes formal guidelines for the conditional reopening of Laguna Woods Village Tennis Center effective May 18, 2020 (for residents only), and a procedure for operating the Tennis Center during the COVID-19 crisis in compliance with federal, state and county guidance, and other applicable rules and regulations.

The procedure reflects Centers for Disease Control and Prevention (CDC) advice that older adults

and people of any age who have serious underlying medical conditions might be at higher risk for severe illness from COVID-19. Based on what we know now, those at high risk for severe illness from COVID-19 include people 65 years and older. Activity should always be in line with the federal government's advised physical distancing measures defined by the CDC as keeping 6 feet apart.

Tennis Center management, with support from the recreation and special events director, are responsible for these activities.

- i. Players must play with new tennis balls per match.
- ii. Open two cans of tennis balls that do not share the same number on the ball.
- iii. Take one set of numbered balls; your playing partner will take a set of balls from the other can.
