

2020 Survey of Laguna Woods Village Residents with Pets

We are a volunteer group of resident animal lovers appointed by GRF to create a disaster preparedness plan for pets living in Laguna Woods Village. Our committee is a subcommittee of the Disaster Preparedness Task Force.

According to the Federal Emergency Management Agency (FEMA):

- When disaster strikes, most animal deaths occur within the first 24 to 48 hours.
- During the New Orleans Katrina hurricane in 2005, 80% to 85% of pets **were never reunited** with their owners because the owners and the city were not prepared to deal with pets.

If we should have a disaster, we don't want to have similar depressing results!

Our committee has much to do. In order for us to properly prepare, we first need to know how many pets, what kind of pets and where the pets live in the Village. Please complete the survey below, and return it:

- Email it to chief@vmsinc.org if you are able to do so.
- Print, complete and mail the form 24351 El Toro Road, Laguna Woods, CA 92637.
- Contact VMS Security at [949-268-2356](tel:949-268-2356) if you are unable to do any of the above and need us to provide you with a paper copy of this survey—we will make sure you receive one.
