

Parapet Wall Flat Roof Debris Removal Program

Buildings that have flat roofs with parapet walls are scheduled for annual debris removal beginning the second week of November through the month of December. Letner Roofing has been contracted by United Mutual and Third Mutual to perform the debris removal work. Approximately 600 buildings, including gutters attached to alteration patio covers, are scheduled. A notification will be placed at resident doors within 24 hours of receiving this service. The chart below lists the Third Mutual buildings scheduled for this service.
